Subject: Submittal of Documents for the Information Repository—Lockheed Martin Corporation,
Potrero Canyon (Beaumont Site 1) and Laborde Canyon (Beaumont Site 2),
Beaumont, California

Dear Ms Felice:

Enclosed please find a USB drive containing documents regarding the investigations conducted at Lockheed Martin Corporation, Potrero Canyon (Lockheed Beaumont Site 1) and Laborde Canyon (Lockheed Beaumont Site 2) in Beaumont, California since the last submission in December 2019.

An annotated list of the documents enclosed and a table reflecting the structure of the files on the USB drive are attached to this letter. The document list describes the activities that have occurred as part of the characterization of soil and groundwater, groundwater remediation and investigation into past munitions testing at the site. The table lists the documents the way they are organized on the USB drive.

Thank you very much for your assistance in this effort. If you have any questions, please contact me at (301) 548-2184.

Sincerely,

A handwritten signature in black ink that reads "Jeff Thomas".

Jeff Thomas
Remediation Project Lead
Lockheed Martin Corp.
(301) 548-2184

Enclosures 1: Document List

CC: Mr. Daniel Zogaib, DTSC (letter w/Enc. 1, electronic copy)
Mr. Jeff Thomas, LMC (letter w/Enc. 1, electronic copy)

Potrero Canyon Unit (Beaumont 1)

- ***Semiannual Groundwater Monitoring Report, Third and Fourth Quarter 2019, Potrero Canyon, LMC Site 1, Beaumont, CA.*** On behalf of Lockheed Martin Corporation (Lockheed Martin), Tetra Tech, Inc. has prepared this Semiannual Groundwater Monitoring Report, which presents the results of Third Quarter 2019 and Fourth Quarter 2019 groundwater monitoring activities for the Potrero Canyon (Lockheed Martin Beaumont Site 1) Groundwater Monitoring Program. The site is in an undeveloped area in the southern portion of the city of Beaumont in Riverside County, California. Currently, the site is inactive except for environmental investigations performed under Consent Order 88/89-034 and Operation and Maintenance Agreement 93/94-025 with the California Department of Toxic Substances Control. The State of California owns approximately 94% (8,552 acres) of the site. Lockheed Martin retained ownership of the remaining 565 acres, referred to as the conservation easement.
- ***Semiannual Groundwater Monitoring Report, First Quarter and Second Quarter 2020, Potrero Canyon (Lockheed Martin Corporation, Beaumont, Site 1) Beaumont, California.*** On behalf of Lockheed Martin Corporation (Lockheed Martin), Tetra Tech, Inc. has prepared this Semiannual Groundwater Monitoring Report, which presents the results of the First Quarter 2020 and Second Quarter 2020 groundwater monitoring activities for the Potrero Canyon (Lockheed Martin Beaumont Site 1) Groundwater Monitoring Program. The site is in an undeveloped area in the southern portion of the city of Beaumont in Riverside County, California. Currently, the site is inactive except for environmental remediation activities performed under Consent Order 88/89-034 and Operation and Maintenance Agreement 93/94-025 with the California Department of Toxic Substances Control. The State of California owns approximately 94% (8,552 acres) of the site. Lockheed Martin retained ownership of the remaining 565 acres, referred to as the conservation easement.
- ***Effluent Monitoring at the Lockheed Martin Corporation, Beaumont Test Facilities, Groundwater Cleanup Project, Reporting Period: September 2019.*** The effluent monitoring report presents the effluent monitoring results for the September 2019 reporting period for the Lockheed Martin Beaumont Site 1 in Riverside County, California.
- ***Effluent Monitoring at the Lockheed Martin Corporation, Beaumont Test Facilities, Groundwater Cleanup Project, Reporting Period: October 2019.*** The effluent monitoring report presents the effluent monitoring results for the October 2019 reporting period for the Lockheed Martin Beaumont Site 1 in Riverside County, California.
- ***Effluent Monitoring at the Lockheed Martin Corporation, Beaumont Test Facilities, Groundwater Cleanup Project, Reporting Period: November 2019.*** The effluent monitoring report presents the effluent monitoring results for the November 2019 reporting period for the Lockheed Martin Beaumont Site 1 in Riverside County, California.
- ***Effluent Monitoring at the Lockheed Martin Corporation, Beaumont Test Facilities, Groundwater Cleanup Project, Reporting Period: December 2019.*** The effluent monitoring report presents the effluent monitoring results for the December 2019 reporting period for the Lockheed Martin Beaumont Site 1 in Riverside County, California.
- ***Effluent Monitoring at the Lockheed Martin Corporation, Beaumont Test Facilities, Groundwater Cleanup Project, Reporting Period: January 2020.*** The effluent monitoring report presents the effluent monitoring results for the January 2020 reporting period for the Lockheed Martin Beaumont Site 1 in Riverside County, California.
- ***Effluent Monitoring at the Lockheed Martin Corporation, Beaumont Test Facilities, Groundwater Cleanup Project, Reporting Period: February 2020.*** The effluent monitoring report

presents the effluent monitoring results for the February 2020 reporting period for the Lockheed Martin Beaumont Site 1 in Riverside County, California.

- ***Effluent Monitoring at the Lockheed Martin Corporation, Beaumont Test Facilities, Groundwater Cleanup Project, Reporting Period: March 2020.*** The effluent monitoring report presents the effluent monitoring results for the March 2020 reporting period for the Lockheed Martin Beaumont Site 1 in Riverside County, California.
- ***Effluent Monitoring at the Lockheed Martin Corporation, Beaumont Test Facilities, Groundwater Cleanup Project, Reporting Period: April 2020.*** The effluent monitoring report presents the effluent monitoring results for the April 2020 reporting period for the Lockheed Martin Beaumont Site 1 in Riverside County, California.
- ***Effluent Monitoring at the Lockheed Martin Corporation, Beaumont Test Facilities, Groundwater Cleanup Project, Reporting Period: May 2020.*** The effluent monitoring report presents the effluent monitoring results for the May 2020 reporting period for the Lockheed Martin Beaumont Site 1 in Riverside County, California.
- ***Effluent Monitoring at the Lockheed Martin Corporation, Beaumont Test Facilities, Groundwater Cleanup Project, Reporting Period: June 2020.*** The effluent monitoring report presents the effluent monitoring results for the June 2020 reporting period for the Lockheed Martin Beaumont Site 1 in Riverside County, California.
- ***Effluent Monitoring at the Lockheed Martin Corporation, Beaumont Test Facilities, Groundwater Cleanup Project, Reporting Period: July 2020.*** The effluent monitoring report presents the effluent monitoring results for the July 2020 reporting period for the Lockheed Martin Beaumont Site 1 in Riverside County, California.
- ***Effluent Monitoring at the Lockheed Martin Corporation, Beaumont Test Facilities, Groundwater Cleanup Project, Reporting Period: August 2020.*** The effluent monitoring report presents the effluent monitoring results for the August 2020 reporting period for the Lockheed Martin Beaumont Site 1 in Riverside County, California.
- ***Effluent Monitoring at the Lockheed Martin Corporation, Beaumont Test Facilities, Groundwater Cleanup Project, Reporting Period: September 2020.*** The effluent monitoring report presents the effluent monitoring results for the September 2020 reporting period for the Lockheed Martin Beaumont Site 1 in Riverside County, California.
- ***Fourth Quarter 2019 Middle Potrero Creek Area Groundwater Extraction and Treatment System, Operation, Maintenance, and Monitoring Report, Potrero Canyon (Lockheed Martin Beaumont Site 1), Beaumont, California.*** This Middle Potrero Creek Area Groundwater Extraction and Treatment System, Operation, Maintenance, and Monitoring Report presents the results of the Fourth Quarter 2019 operation, maintenance, and monitoring activities at the Middle Potrero Creek Area groundwater extraction and treatment system (GETS). This report includes the GETS commissioning period and demonstration period.
- ***First Quarter 2020 Middle Potrero Creek Area Groundwater Extraction and Treatment System, Operation, Maintenance, and Monitoring Report, Potrero Canyon (Lockheed Martin Beaumont Site 1), Beaumont, California.*** This Middle Potrero Creek Area Groundwater Extraction and Treatment System, Operation, Maintenance, and Monitoring Report presents the results of the First Quarter 2020 operation, maintenance, and monitoring activities at the Middle Potrero Creek Area groundwater extraction and treatment system (GETS).
- ***Second Quarter 2020 Middle Potrero Creek Area Groundwater Extraction and Treatment System, Operation, Maintenance, and Monitoring Report, Potrero Canyon (Lockheed Martin***

Beaumont Site 1), Beaumont, California. This Middle Potrero Creek Area Groundwater Extraction and Treatment System, Operation, Maintenance, and Monitoring Report presents the results of the Second Quarter 2020 operation, maintenance, and monitoring activities at the Middle Potrero Creek Area groundwater extraction and treatment system (GETS).

- **Annual 2019/2020 Landfill, Operation, Maintenance, and Monitoring Report, Potrero Canyon (Lockheed Martin Beaumont Site 1), Beaumont, California.** This Landfill, Operation, Maintenance, and Monitoring Report presents the results of the operation maintenance, and monitoring (OM&M) activities conducted in the 2019/2020 year (Second, Third, and Fourth Quarter 2019; and First Quarter 2020) at the landfill located at Lockheed Martin's Potrero Canyon site (site), also known as former Lockheed Martin Beaumont Site 1, or Site 1.
- **2019 Munitions and Explosives of Concern Inspection Report, Potrero Canyon (Lockheed Martin Beaumont Site 1) Beaumont, California.** This Munitions and Explosives of Concern Inspection Report has been prepared by Tetra Tech, Inc. on behalf of Lockheed Martin Corporation, and presents the results of the 2019 munitions and explosives of concern inspection of Potrero Canyon (Lockheed Martin Beaumont Site 1). The site is located in an undeveloped area south of the City of Beaumont, Riverside County, California. Most of the site is within the Beaumont City limits. Currently, the site is inactive with the exception of remedial activities performed under Consent Order 88/89-034 and Operation and Maintenance Agreement 93/94-025 with the California Department of Toxic Substances Control. California's Wildlife Conservation Board, Department of Fish and Game, Resources Agency owns approximately 94% (8,552 acres) of Potrero Canyon. The remaining 565 acres, referred to as the conservation easement, were retained by Lockheed Martin Corporation.
- **Remedial Action Completion Report, Potrero Canyon (Lockheed Martin Beaumont Site 1), Beaumont, California.** The Remedial Action Completion Report documents the remedial actions at Lockheed Martin's Potrero Canyon site (the "site"), also known as former Lockheed Martin Beaumont Site 1 (or "Site 1") in accordance with the Revised Final Remedial Design.

Potrero Canyon (Beaumont 1) and Laborde Canyon Unit (Beaumont 2)

- **2019 Annual Monitoring Report for Incidental Take Permit (TE 110582-0) and Low-Effect Habitat Conservation Plan for the Federally Endangered Stephens' Kangaroo Rat Beaumont Sites 1 (Potrero Canyon) and 2 (Laborde Canyon), Riverside County, California.** This 2019 Annual Stephens' Kangaroo Rat (SKR) Monitoring Report has been completed to document compliance activities with an Incidental Take Permit (ITP) TE110582 0 issued to Lockheed Martin Corporation (Lockheed Martin) for activities carried out at two project sites located in western Riverside County. The two sites are: Potrero Canyon located in the City of Beaumont, Riverside County, California and Laborde Canyon located in an unincorporated area of Riverside County, California. This annual report includes activities conducted under this permit between 1 January 2019 and 31 December 2019.

Laborde Canyon Unit (Beaumont 2)

- **Semiannual Groundwater Monitoring Report, Third Quarter and Fourth Quarter 2019, Laborde Canyon (Lockheed Martin Corporation, Beaumont, Site 2) Beaumont, California.** On behalf of Lockheed Martin Corporation (Lockheed Martin), Tetra Tech has prepared this Semiannual Groundwater Monitoring Report, which presents the results of the Third Quarter 2019 and Fourth Quarter 2019 groundwater monitoring activities for the Laborde Canyon (former Lockheed Propulsion Company Beaumont Site 2) Groundwater Monitoring Program. Laborde Canyon is southwest of the City of Beaumont, Riverside County, California. Currently, the site is inactive except for ongoing investigative activities performed under Consent Order HSA 88/89-034, amended January 1, 1991, with the California Department of Toxic Substances Control.

- ***Semiannual Groundwater Monitoring Report, First Quarter and Second Quarter 2020, Laborde Canyon (Lockheed Martin Corporation, Beaumont, Site 2) Beaumont, California.*** On behalf of Lockheed Martin Corporation (Lockheed Martin), Tetra Tech has prepared this Semiannual Groundwater Monitoring Report, which presents the results of the First Quarter 2020 and Second Quarter 2020 groundwater monitoring activities for the Laborde Canyon (former Lockheed Martin Beaumont Site 2) Groundwater Monitoring Program. Laborde Canyon is southwest of the City of Beaumont, Riverside County, California. Currently, the site is inactive except for ongoing investigative and remedial construction activities performed under Consent Order HSA 88/89-034, amended January 1, 1991, with the California Department of Toxic Substances Control.
- ***Fourth Quarter 2019 Waste Discharge Requirements Monitoring Report Order No. R8-2018-0074, Global ID# T10000004696 Pilot Scale Biobarrier for In Situ Remediation of Groundwater Laborde Canyon (Former Lockheed Martin Beaumont Site 2) Beaumont, California.*** This Report summarizes the biobarrier construction, well installation, and fourth quarter 2019 baseline groundwater monitoring for the pilot scale biobarrier system at the Laborde Canyon site (former Lockheed Martin Beaumont Site 2) located southwest of Beaumont, California.
- ***First Quarter 2020 Waste Discharge Requirements Monitoring Report Pilot Scale Biobarrier for In Situ Remediation of Groundwater, Laborde Canyon (Former Lockheed Martin Beaumont Site 2) Jack Rabbit Trail, Beaumont, California Monitoring and Reporting Program, Order No. R8-2018-0074.*** This Report summarizes field activities conducted during the first quarter 2020 for the pilot scale biobarrier system at the Laborde Canyon site (former Lockheed Martin Beaumont Site 2) located southwest of Beaumont, California.
- ***First Quarter 2020 Waste Discharge Requirements Monitoring Report In Situ Chemical Oxidation Pilot Test, Global ID # T10000004696, Laborde Canyon (Former Lockheed Martin Beaumont Site 2) Jack Rabbit Trail, Beaumont, California Monitoring and Reporting Program, Order No. R8-2018-0092.*** This Report summarizes the groundwater monitoring results of the in situ chemical oxidation (ISCO) pilot test being performed at the Waste Discharge Area of the Laborde Canyon site (former Lockheed Martin Beaumont Site 2) located southwest of Beaumont, California.
- ***Second Quarter 2020 Waste Discharge Requirements Monitoring Report Pilot Scale Biobarrier for In Situ Remediation of Groundwater, Laborde Canyon (Former Lockheed Martin Beaumont Site 2) Jack Rabbit Trail, Beaumont, California Monitoring and Reporting Program, Order No. R8-2018-0074.*** This Report summarizes groundwater monitoring activities during the second quarter 2020 for the pilot scale biobarrier system at the Laborde Canyon site (former Lockheed Martin Beaumont Site 2) located southwest of Beaumont, California.
- ***Second Quarter 2020 Waste Discharge Requirements Monitoring Report In Situ Chemical Oxidation Pilot Test, Global ID # T10000004696, Laborde Canyon (Former Lockheed Martin Beaumont Site 2) Jack Rabbit Trail, Beaumont, California Monitoring and Reporting Program, Order No. R8-2018-0092.*** This Report summarizes the groundwater monitoring results of the in situ chemical oxidation (ISCO) pilot test being performed at the Waste Discharge Area of the Laborde Canyon site (former Lockheed Martin Beaumont Site 2) located southwest of Beaumont, California.
- ***Final Remedial Action Completion Report, Laborde Canyon (Lockheed Martin Beaumont Site 2), Beaumont, California.*** The Remedial Action Completion Report The RACR describes the procedures, methodologies, and results of the implementation of the remedial design/remedial action (RD/RA) work plan (Amec Foster Wheeler, 2018e) approved by the Department of Toxic Substances Control (DTSC) on June 27, 2018 (DTSC, 2018).
